Senior Class History

HISTORY? We can tell only our experience, past, present, and future. Our Freshmen days were wonder days, exuberant ones, as we conquered what we met. Our Sophomore days were boastful, as we felt our first measure of responsibility and gloried in it. We had climbed to the second rung of the ladder. The class of '27 had glided into our old places. Junior days? The best of all to the Juniors but not to us Seniors, who alone of all the students have experienced the last stretch. These last days bring a sense of achievement, yet a sense of opportunities lost. What a queer mixture!

Then we remember—June, 1926. That's our Commencement, not the End. We go to take up our tasks here, there, and everywhere, with renewed vigor and determination that what Bucknell has given us, shall not have been given but for her own glory. We'll ever strive in some small way to repay what we can never hope to measure.

So, to the classes of '27, '28, '29, *ad infinitum*, we yield those things which make Bucknell our Alma Mater; her campus, her personnel, and her spirit—not to be surpassed.

Junior Class History

WE are on the last half of our hard but pleasant journey. We look forward to the time when we can receive our diplomas and realize to the full extent their significance, but we are even more inclined to look to the past achievements of the loyal class of '27.

When Freshmen, we showed our strength and determination by winning both the scrap and the football game. As Sophomores, we again showed our ability by coming out victorious in the class football game.

Now having attained the standing of Juniors, we still maintain our ideals and our high standing in athletics and scholarship. Honor, purpose, will, and loyalty have always stood before the class of '27, and have brought success and confidence.

"Abbie" "Butch"

Harrisburg, Pa.

Harrisburg Tech

Phi Kappa Psi; Varsity Football (1, 2, 3); Class Basketball (2); A. B. Course.

"Abbie's" greatest achievements lie on the football field. He is one of those fellows who does well whatever he may have to do. Sometimes one would think, to hear him talk, that he would do something violent. He isn't mad tho—he's perfectly harmless.

ANTHONY ALOYSIUS BESHSEL
"Mike"

Treverton, Pa.

Treverton High School

"And along came 'Mike.' The deviation of his nickname is uncertain but it seems attached to stay. Like all good monickers, it's short and snappy, like 'Mike' himself.

Demure, brown-eyed, "Phoeb Ann" looks like a quaint, colonial, lady, but her energetic capability proves that she is a real, live, modern girl. Is it love of nature that induces her to go strolling around the campus between classes?

A popular man is "Carp," with a ready smile and cheerful "Hello" for everyone. "Carp" claims to be a student but as far as we have been able to find out, he drives his "coop" for the benefit of the Y. W. C. A. and the "Sem."

THEODORE PROSSER DAVIS

Σ A E

"Toots"

Lansford, Pa.

Lansford High School

Though seemingly puerile, "Toots" is the "Sheik" of "Sheiks." Endowed with a likable and lively disposition, he is the life of all parties. This doesn't imply that his school education is being neglected, on the contrary, his school work is above standard.

"Whitie's" chief ambition is to become a "crack" electrician. He is quite a studious boy and never has much to say. He tells us that his favorite study is Physics. We all agree that he said a "mouth-full" at that time.

"Web" certainly has a capacity to do work. Besides being the busiest man on the campus, he is one of '27's best students. He is a Civil Engineer that can't be beaten. "Web" will soon be building more than air castles.

To those men and women who entered Bucknell with us in 1923, and who were unable to complete their four years of college life here, we affectionately dedicate this space in the Junior Section. Many of them are distinctly a part of the class of 1927 and are indissolubly joined to the college of their choice.

Sophomore Class History

HUMILITY is a characteristic which is to be commended in any Freshman class. It is one which we, the class of '28, possessed to no small degree during our first year of college life, and it is one which we feel has been carried over into our higher positions as Sophomores. However—we say it unblushingly—we feel, too, that we have forever left behind us that verdancy which was so noticeable during our Freshman year.

We realize our inferiority to the classes which have gone ahead. We praise them and honor them highly, but we realize, too, that with us lies the power of great accomplishments and achievements. We have a determination, a vivacity, and a keenness of purpose which, when put to the right use, cannot help but make us—to a small degree, at least—worthy of our Alma Mater.

With our college career half-spent, we look back with no regrets, and we look forward with the gladdest of hearts and the keenest of anticipations to what we *know* is to come.

Freshmen Class History

ON September ninth, nineteen hundred and twenty-five, a group of young men and young women made their appearance on the campus of Bucknell University. With their coming, the custom of "Freshman Week" was established, and since their arrival, the "Baby Class" of Bucknell University has proved to be a mighty good class in more ways than one.

First of all, we organized, choosing as our president, Mr. Henry Coleman, as our vice-president, Mr. Lisle Anderson, as treasurer, Mr. Geddes Simpson, and as secretary, Miss "Jerry" Branch.

In our scraps with the Sophs, we have proved victorious. Although not victors, we were at least equal to the Sophs, in the Frosh-Soph football game. Who is there who hasn't heard of the Freshman football team? It's the first real team the Frosh have ever had, and it was very successful. You see, you can't keep a good class down, even with green ribbons and "dinks."

And now, that our merits have been laid before you, it is only right that credit for our success should be given where credit is due. Therefore, to all those who have helped in the making of our Freshman Class, we give hearty thanks. Thus far, we have "hit the high spots," and we hope to do so during the rest of our college career.

The Big Four Engineering Society

T. A. CRAMER	<i>Secretary-Treasurer</i>

The Big Four Engineering Society is comprised of the Mechanical, Civil, Electrical, and Chemical Engineering Societies. While each society retains its individuality, all work together for mutual benefit under the head of the Big Four Society.

The prime purpose of the society is to engage lecturers along the various industrial engineering lines to come to Bucknell and speak before the society thus broadening the outlook of the men and making them acquainted with outside industrial conditions. During the year the society holds several social functions.

The governing body consists of a cabinet formed by two student and one faculty representative from each society.

Bucknell Sociological Society

This organization now numbers about 150 members. It was begun early in 1925, by students of the classes in sociology. Its purpose is to stimulate general interest in society and social welfare, and to round out the work of the Sociology Department.

The Sociological Society has been instrumental in bringing Thomas Mott Osborne, Dr. Emery S. Bogardus, and Herbert Adams Gibbons to Bucknell as speakers, all within the first year of its existence.

In Professor Clarence Johnson, head of the department, the society has found a guiding genius, an inspiring teacher and a friend to all.

Christy Mathewson

TO Christy Mathewson of Bucknell, sportsman, athlete, and gentleman without a peer, this athletic section of L'Agenda of 1927 is dedicated. No man has earned more just fame, nor been a greater credit to his Alma Mater than Christy Mathewson. He fought the battle of life as he did his greatest pitching battles, always with the same indomitable courage and will that made of him "The Master," as he was lovingly called by his associates in the great national game. His life is a rich legacy to American youth and to Bucknell as long as his memory shall live.

PROFESSOR BENJAMIN W. GRIFFITH
Graduate Manager of Athletics

The New Graduate Manager of Athletics - Benjamin W. Griffith

AT a recent meeting of the Athletic Council of Bucknell University, Professor Benjamin W. Griffith was elected to the office of Graduate Manager of Athletics to fill the vacancy created when "Moose" McCormick resigned. This election of Professor Griffith has met with a most hearty approval on the part of the student body and in fact everyone in any way interested in athletics at Bucknell. The approval is well merited because Professor Griffith is particularly fitted to serve in the office for which he has been elected. For four years he played on the Varsity baseball team and for two years he played on the Varsity football squad. He has thus the experience of the player which enables him to view the many problems that come before the Graduate Manager as the player himself would view them.

Professor Griffith's athletic record while in college as well as the close attention which he has given to athletics ever since his graduation, together with his work as head of the Modern Language Department, have given him a broad acquaintanceship with the alumni and friends of the Institution interested in our sports record. It can thus be readily understood that the new Graduate Manager is in close touch with the alumni and student body and that he understands their attitude towards sports in a very comprehensive way.

In addition, the duties of the office of Graduate Manager are not at all unknown to Professor Griffith for he has already served more than ten years in practically the same position as that to which he has just been assigned. From 1910 to 1919 he served in the position which was then known as Comptroller of Athletics but which was in effect the same as that to which the present title of Graduate Manager is attached. Again in 1920 he served in the same capacity. During these administrations the teams of the University as a whole had successful seasons and the business affairs of the organization, which was then known as the Athletic Association, were placed in first-class shape and substantial financial surpluses were reported. It can, therefore, readily be understood why there has been general approval on the part of those who are interested in athletics at Bucknell in the election of Professor Griffith to the office of Graduate Manager where he will deal with the host of problems that arise in connection with the affairs of present day athletics with the ever widening influence that athletics bear to the college and community life in general.

Review of Football Season

WITH the opening of college in September, the warriors of the grid-iron had already been rolling on the stadium turf for two weeks, getting in condition for the opening battle with Western Maryland. "Uncle" Charlie was greatly handicapped by the new Athletic Council rule which forbids Freshmen from playing on the Varsity team, but he set to work with the material of last year's fine squad, and it was not long before he had a smooth machine to carry the Orange and Blue to many notable victories.

The opening game with Western Maryland, which was put on the right side of the ledger 17-0, showed that a good squad was to represent the Bison this year. The next two games were of little importance, and both were victories. "Uncle" Charlie used these games to try different combinations of backfield men, and the scores were therefore not large. The first real test came with the Homecoming game with Haskell Indians, and the Bison proved its defensive strength by keeping her goal line uncrossed. Georgetown made the first score of the year against our boys, but their safety was not enough to win, and Trimmer's field goal turned in a very impressive victory, over one of the most formidable teams in the East. The Holy Cross and Navy games are now History, but in defeat, the Gridders showed themselves men, and they went down fighting. Detroit could not stop our offense any better than Dickinson, but Dayton caught the team at an inopportune moment, and our season ended in a defeat. Eight victories against three defeats is the resumé, and credit must be given to Coach Moran and the team for a successful season.

Western Maryland Game

Bucknell 17; Western Maryland 0

The Bucknell Bison opened its season in the Memorial Stadium against Western Maryland, before a crowd of four thousand loyal rooters. The Bison was snarling, raging, eager to gore the foe, to administer the first defeat of the 1925 season. Western Maryland displayed a strong defense, holding the savage Bison scoreless during the first half, but with the sound of whistle, starting the third period, the Bucknell warriors started an offense that meant victory. McCormick scored the first points of the 1925 campaign by a pretty drop-kick from the twenty-seven yard mark, and shortly afterward, this same man carried the oval close to the enemy goal on sweeping end runs. Walter Diehl, playing his first game for the Bison since the 1925 season, carried the ball over for the first touchdown of the year. Bucknell again carried the pig-skin into enemy territory, but a mighty effort on the part of the Western Maryland forwards seemed to check the tide. But it was only momentarily, for McCormick, on a fake drop kick, shot a pass into the outstretched arms of Tuck, who raced over the markers for the second touchdown. McCormick added both points by means of drop kicks. To this Bison must be given credit for his all-around ability, and general usefulness in the opening game of the year. The fine condition of the Bison was an important factor in the triumph, which kept the goal line uncrossed.

St. Bonaventure Vanquished

Bucknell 13; St. Bonaventure 0

Bucknell encountered a light but fast and determined foe in St. Bonaventure, when the two teams lined up for the second game in the Memorial Stadium. The laurels of the game must go to one of the foe, a light, but fast and fighting back from St. Bonaventure who, through sheer grit and

determination, prevented three Bison scores by overtaking the fleet Sid Goodwin on one of his long runs, and again by overtaking Myrl Goodwin twice when the goal posts loomed near. The attack of the Bison was strong in Mid-field, but the punch seemed to be lacking near the enemy goal line. In the second period, McCormick heaved a long pass which Tuck had to strain every muscle in his body to catch, but having completed it, ran thirty yards, shaking several tacklers free, to score the first touchdown. McCormick added the extra point through the medium of a drop-kick. The last play of the third quarter, brought a score for the hustling Bison, when Myrl Goodwin broke through tackle for three yards. This time McCormick failed to kick the goal, and the score stood 13-0 for the Bison. St. Bonaventure played a good brand of football, and she deserves a great deal of credit for holding Bison to 13 points.

George Washington Defeated Bucknell 21; George Washington 0

On a cold, crisp Saturday, the representatives of George Washington University romped into the Stadium with the intention of breaking the Bison winning streak, but disappointment was to be their lot, for they carried home with them the short end of a 21-0 score. The score is quite unique as every possible means of scoring was employed by Uncle Charlie's boys. Two touchdowns, one point after touchdown, two field goals, one a drop kick, the other a placement, and a safety, made up the total. Another feature was produced in the game in that two national gridiron records were established for the 1925 season. McCormick's drop kick of 50 yards being the longest of the year, and Trimmer's perfect placement from the 55 yard mark was unequalled during the season. The first touchdown was registered after the start of the second quarter, when a long pass put the oval across. The chilly October breezes kept most of the fans from witnessing the last period, and only a handful of loyal rooters saw the last marker registered.

The game was devoid of organized cheering until taps had been blown at the grave of Christy Mathewson, while players and spectators remained uncovered for one minute, in solemn tribute to Bucknell's most prominent athlete.

Homecoming Battle with Haskell

Bucknell 0; Haskell 0

Homecoming Day found many alumni back to see our undefeated Bison in action against the strong Haskell tribe. A bright sun shone down upon eight thousand thrill-seeking fans of the gridiron, and they were rewarded bountifully, by witnessing one of the most exciting games played in the stadium.

BLAISDELL
Quarterback

The Bison appeared, licking his chops, eager for the meat of his fourth victory, and the war cry of the Indians was indicative of their desire to return to Kansas with the scalp of the Bison. A muddy field doubtlessly prevented either team from displaying its best form, but nevertheless, sparkling plays dotted the fray throughout. Our "Billy" Blaisdell contributed one of his famous dashes, while Bihl and Diehl were the mainstays of the defense. These two, like Roebuck for Haskell, were conspicuous in nearly every play, by their deadly tackling, and general defensive play. The muddy ball handicapped Trimmer, and his efforts at placement kicks were fruitless. Norton held the crowd in breathless silence, when in the waning moments of the tussle, he placed himself in readiness for his last attempt at scoring. His drop kick missed by inches, and the Bison remained unscored upon. The game ended a minute later with a 0-0 score, and the rooters filed out of the Stadium murmuring praises of the undefeated Bison.

The Georgetown Conquest

Bucknell 3; Georgetown 2

Accompanied by a host of Bucknell rooters, the Bison set sail for Georgetown, with the purpose of retaining a clean slate. They arrived to find the playing field converted into a lake. Being very versatile, the Bison felt confident of trimming the enemy in a water duel, and they set out on their task led by Commodore Kostos. The famous Bucknell band, stationed on the quarter deck, played a defiance to the Georgetown crew. Trimmer sent the torpedo sailing to the enemy, to open hostilities. The battle had not progressed long when the Georgetown ship forced the Bison vessel behind the posts, and thereby chalked up for themselves two points. Sid and Myrl Goodwin, Sturdy Lieutenants, swam their way to the enemy territory, within firing range. At this juncture, Trimmer set himself aft to kick the oval over the enemy fort. The ball sailed between the uprights, and the Bison forged to the front, never to be headed. Several times, Stevens and Kostos would submerge, only to come up in enemy territory to capture their man. Georgetown showed lack of preparation for the water game, and many fumbles on their part was the result. Trimmer recovered one of these on a thrilling sprint. A Washington paper very aptly stated that Bucknell scored all of the points but very wisely kept three for herself, giving but two to Georgetown. Thus ended the muddy fray, and the Bison returned home with an untarnished record, and his goal line was yet uncrossed.

TRIMMER
End

Holy Cross Lowers Our Banner

Holy Cross 23; Bucknell 7

For the first time this year, the fighting Bisons met defeat, but even in defeat, they went down fighting. Holy Cross proved to be masters of the passing game and therein lies the story. Two forty-yard passes resulted in touchdowns for the New Englanders, showing their strength in that department.

M. GOODWIN
End

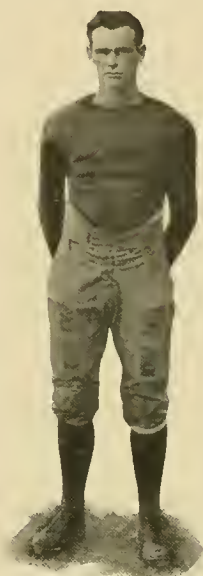

The Bison line was impregnable, but the backs were not up to the par they had set in former games. The Massachusetts institution showed alertness in recovering fumbles, and two of the Bison fumbles were recovered by them. In the early stages of the game, Myrl Goodwin sustained a severe jolt on the head which forced him to play the remainder of the game with a stiff neck. Bill Blaisdell also played under difficulties, as he was bruised considerably. Toward the end of the first quarter, after Bucknell had threatened the Opponents goal, Wallis received a pass, and with a clever pivot, raced forty yards for the first tally of the fray. Crowley then turned the try into a marker, making the score stand 7-0 against the Bison. However, it was not long till they increased their lead by blocking a kick. Crowley, who was the cause of defeating Harvard, booted the pig-skin for a field goal making the score 10 for Holy Cross. Bucknell then found herself and Diehl passed to M. Goodwin who shook his way to a touchdown. Trimmer made the count 7 for the Bison. A long end run and a pass counted for Holy Cross and the game ended 23-7. The first downs were even at six, and the yardage gained by rushing was even, showing the Bisons were not rushed off their feet. With a determined will to make the remaining games victories, the team returned, beaten, but not down-hearted.

Gallaudet Annihilated

Bucknell 56; Gallaudet 0

Still stinging from the defeat at the hands of Holy Cross, the Bison ran rough shod over the mutes from Washington. The silent men fought desperately, but with no avail. Long end runs meant touchdowns, and they came so frequently that several times the ball-carrier stopped within a few yards of the goal to allow McCormick to try for drop kicks. In all he tried seven, but the muddy condition of the field prevented accuracy, and the successful attempts numbered but three. A wind carried the rain across the muddy field, making it more difficult to handle the oval, but the fleet-footed Bisons managed to race down the field time and again for touchdowns. McCormick received the kickoff for the Bisons and the race was begun. It was not more than three minutes before McCleary had carried the oval across the last marker for a touchdown, which was the first of his three for the afternoon. Sid Goodwin contributed a 6-pointer by a long run, as did Abe Gaskill. Hulick recovered the oval after a Gallaudet man had touched it, scoring a touchdown. McCormick, beside kicking three field goals, added six points by means of a touchdown. Seven touchdowns and three field goals, plus five one-point boots by McCormick, represented the Bison total. Spectators were few and far between, due to the rainy weather, which made it difficult to find a dry spot. Encouraged by this victory, the Bison prepared for the titular struggle with the Navy.

E. GOODWIN

The Annual Navy Game

Bucknell 7; Navy 13

Still stinging from the defeat at the hands of Holy Cross, the Bison was eager to sink the Navy to make it two successive times under the régime of "Uncle" Charlie Moran, and with this purpose in view, the team marched on the field. Many loyal rooters for the Orange and Blue were on hand

TUCK

to give the gladiators a rousing cheer, and amidst a high wind, Trimmer kicked off for Bucknell. The Navy took advantage of the wind, and returned the kick. Myrl Goodwin found it difficult to boot the pig-skin against the gale, and Navy had the oval on the Bucknell twenty-five yard chalk-mark. The game had not been in progress long before a touchdown had been registered for the Navy. A missed goal made the score stand 6-0 for the Midshipmen. Bucknell rallied to hold the play on even terms for the remainder of the half, and with play resuming in the third period, a drive was started that terminated with a Bison score. McCleary was the outstanding performer with his sweeping end runs, and by a pretty pass, scored the lone touchdown for the Orange and Blue. McCormick added the extra point, and put the Navy on the short end of the score. Again the Bison marched down the field only to have a Navy lineman fall on a blocked kick, which led to Captain Shapley scoring again for the Sailors. At this juncture, Tuck was injected into the fray, and immediately exhibited some wonderful passes, but the rally was not strong enough, and the Bison had suffered its second defeat.

The Classic with Dickinson

Bucknell 7; Dickinson 0

With the hope of a third successive victory over the Bison, Dickinson brought a fighting team of veterans to Lewisburg, accompanied by many loyal rooters and their school band. But the stars wearing the Orange and Blue knew that their task was to be stupendous, and they therefore set out with a will to take into camp the invaders. Ten thousand people filed into the stadium and not one would wish to see a better exhibition of the popular college sport. Amid cheers and the tunes of the bands, Trimmer kicked off for Bucknell, Dickinson running the kick back a few yards, from where they punted to Bucknell's thirty-yard line. A punting duel occupied most of the first period with neither team gaining a substantial advantage, but with the opening of the second quarter, Bucknell opened their offense. Several fumbles kept the oval in mid-field, but McCormick attempted two drop kicks, which were both wide of their mark. The half found the score deadlocked at zero. The third period was productive of little results, neither team being able to approach their goal. Dickinson managed to garner two successive first downs shortly after the second half opened, and this meagre advance constituted their chief offense of the day. The last period tells the tale of victory for the Bison. Just as most of the optimistic fans were losing their last ray of hope for victory, Diehl passed perfectly to E. Goodwin who scampered over the markers for the lone touchdown of the afternoon. With a successful kick by Trimmer, the scoring ended with Bucknell on the long end of 7-0. At no stage of the game did the Carlisle boys threaten to score, but they fought on gamely, only succumbing to superior teamwork of the Bison.

Detroit Conquered

Bucknell 7; Detroit 0

Turkey Day found the Hungry Bison At Detroit to tackle the Titans from Detroit University. Their power was well known, for W. & J. barely nosed them out in a 7-0 game, in which W. & J. recovered a fumble to win. But the warriors wearing the Orange and Blue could not be denied, and from

DIEHL

the opening whistle, they tore the Titan aggregation on offense and defense. The first and only score for the Bison came in the second quarter, when a pass, Diehl to Blaisdell, put the oval behind the last marker, and Trimmer kicked the goal. Bucknell found the going rather easy at times, and was content to play safe, after the 7 points had placed them in the lead. Earl Goodwin seemed to be saving himself for the game with Dayton, for he was not the sure "pass-snatcher" that he usually is known to be. The second half found the whole team resting for the Dayton fray, and with the exception of a few scattered passes, little effort was made to score. Detroit had a great deal of praise for the strong defense presented by the Bison. The proverbial "stone wall" would have been impregnable that day to any team in the country. The whole team deserved the title of "star," and no particular lineman or back could be singled out for honorable mention. Detroit had only one thing to be thankful for, and that was, that the game was over, and they would not have to face the Bison for a while.

Final Game with Dayton

Bucknell 0; Dayton 19

Just forty-eight hours after the Bison vanquished the strong Detroit team, Dayton was met at Dayton, Ohio. Dayton had defeated Haskell just a few weeks previous, so their strength was feared by our boys. The strain of the long trip, and the game on Thanksgiving Day, proved to be too great on the physique of our brave warriors, and Dayton, pointing for the game, found a comparatively weak team representing Bucknell. They accomplished the remarkable feat of holding the Bison scoreless, Haskell being the only other team to duplicate this performance. Three touchdowns with one point added for the extra goal, sums the Dayton total for the four quarters. The backfield for the Ohio institution presented to the many spectators the aspect of a junior League of Nations, it consisting of a Chinese, Portugese, Irishman, and an American. Achieu, the Chinese flash, proved to be a menace to the Bison, for he twisted, squirmed, and dashed his way to many long gains. In the defeat, the Blue and Gold gridders proved themselves to be real men, for they went down fighting against heavy odds, and they deserve unlimited credit for their grit. Dayton must come in for its share of the glory, for they displayed some of the finest plays and array of deceptive formations, that the Bison encountered during the season. But undoubtedly the score would have been closer, had not the game with Detroit been played so close to that with Dayton.

Basketball Summary

Basketball at Bucknell for the last several years, has been practically dormant, due to the lack of proper facilities. The old gym, however, was renovated sufficiently to permit contests, and the result was a string of victories registered on the old court. Coach "Mal" Musser deserves unlimited credit for the splendid showing of the team. He moulded together a combination which suffered defeats only by the strong Navy, Penn State and Gettysburg teams, while achieving victories over such strong teams as Georgetown, Catholic U., and others. Nine victories and four defeats is a record of which the school and team can be very proud. Murphy and Capt. Rigg played stellar guard positions, Bach handled the tip-off position in fine style, while Fritzinger, McCaskey and Kirker held down the forward berths. When needed, Beasor, McCormick, Mulick, Hitchins and Maré, proved capable substitutes.

Baseball Summary

MURDO J. MACKENZIE *Captain*
 RONALD YOUTHERS *Manager*
 H. E. MCCORMICK *Coach*

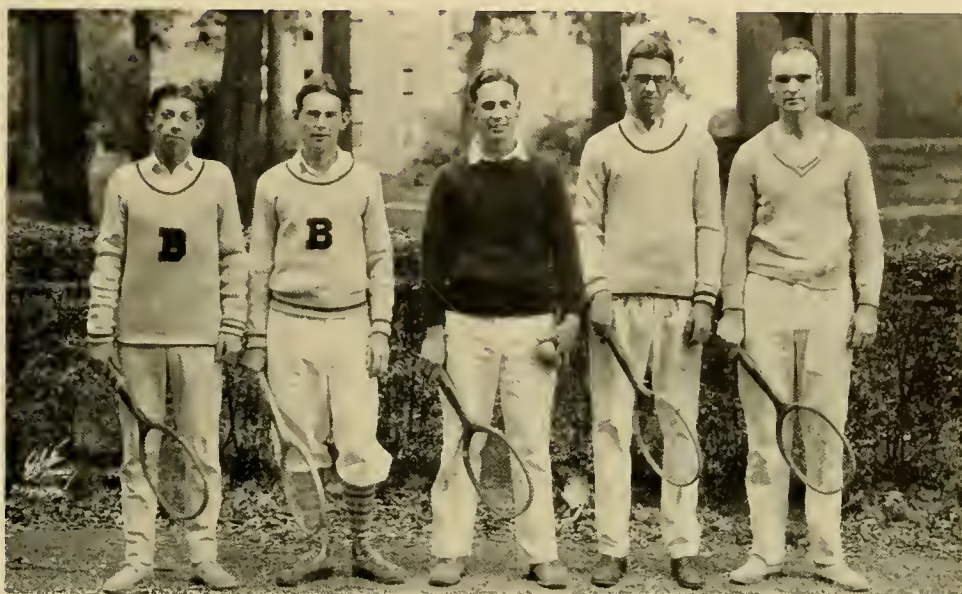

In the latter part of April, 1925, the baseball team left the shores of the Susquehanna, to invade the sunny Southland on their annual Southern tour. Nine games in all were scheduled with Southern schools, but two of these were called off by Jup Pluvius. Notable victories were registered over Navy, William and Mary, Virginia, Dickinson, Catholic University, and a tie with Richmond. Games were lost to Georgetown, and W. and L. As has become a custom, Penn State was defeated twice, once at each field. The feature of the season was registered in the Lehigh game, when Abe Gaskill crashed out four successive home runs, for what is believed to be an unsurpassed college record, and it holds true to the big teams. Tuck, Murphy, Gaskill and Shorts hit for better than .300 in the 19 games played. A record of eleven wins out of nineteen starts is quite enviable, and the team is to be honored for its showing.

Varsity Track Team

D. R. WAGNER *Captain*
 J. B. MARLIN *Manager*
 RHODES INGERTON *Coach*

The track team had the most successful season in many years, winning permanently the beautiful cup significant of the championship of Central Pennsylvania. Several dual meets, the first to be held in the new stadium, resulted in victories. Much is looked for on the track this season.

Varsity Tennis Team

W. C. McFARLAND *Captain*
 C. H. SPRINGER *Manager*
 PROF. F. G. BALLENTINE *Coach*

The tennis team had a very successful season, turning in victories over Penn State 7-2, Syracuse 4-3, and a tie match with the undefeated Pitt team. McFarland and McCaskey representing Bucknell took second honors as a team in the Middle Atlantic states tournament. McCaskey placed third and McFarland fourth.

The Freshman Football Team

EDWARD HALICKI *Captain*
 J. T. MCFARLAND *Manager*
 GEORGE CHINN *Coach*

Under the new rules, the Freshmen of the University are not allowed to compete in a varsity game in any major sport. As customary, a freshmen squad was organized and George Chinn was chosen to coach the yearlings. He was fully prepared to coach them in the Moran style, as he had at one time been a pupil of "Uncle" Charlie. He took a squad of Prep school and High school stars and converted them into a smooth working grid machine, and from the results of the season, bright prospects are held for varsity material next year. Only four games were played, two of which were turned in on the victory side of the column. Bellefonte, national champs of the Prep school class, was the only team to take their measure. Penn State Fresh were fortunate in securing a 7-7 tie, while St. Thomas College of Scranton, and Wyoming Seminary fell before the Baby Bisons. The youngsters played their best game against the heavier and more experienced State Frosh.

Freshman Basketball

ARCHIE P. SEILER *Captain*
 STERNS WARNER *Manager*
 MALCOLM P. MUSSER *Coach*

When Coach Musser called out the candidates for the Frosh team, many high school and prep school stars responded. For the first year of Freshman basketball, the yearlings proved their mettle. Penn State Freshmen and Dickinson Reserves were the only team to take the measure of the youngsters. A clean slate was maintained on the home court, with victories registered over such formidable teams as Bellefonte Academy, Gettysburg Frosh, Dickinson Reserves, and other teams of this calibre. Seiler held the tip-off post, Closterman, Colestock, and Wise did the shooting from the forward berths, while Halicki, Woodring, and Mitchell played the defensive game. These men will prove valuable to Coach Plant of the Varsity when time comes for practice next year.

Junior Hockey Team

The Junior-Freshman hockey game was played on November 20, 1925. It was a fight from start to finish. The Freshman had good material, and showed up well under the leadership of their captain, Jessie Fielding. The teams were well matched, but the Juniors came off the field with the laurels. A pretty shot from the left wing, made by Eleanor Ballentine, opened a clean sweep through the goal posts, making the score 1-0. This was made in the last five minutes of play when the sky was darkening over the field. The victors and losers are looking forward to a good game next season.

For These Things

Through long vigils over racketing typewriters, keeping watch with the solitary midnight candelabra, our labor has been done until the hours have become leaden and confused, but with the final satisfaction that this volume was ready to bow its way into the life of Bucknell.

In this, the 1927 *L'Agenda*, it has been our ambition to present a book altered in physical appearance, yet at the same time retaining the standards established by the previous volumes of *L'Agenda*. Whether we have attained success in our endeavor must necessarily be left to the judgment of the collective critics, those connected with the college, and into whose hands this book is placed with our anxious hopes.

The recognition of our work we gladly share with those others whose services have been of the uttermost aid in the production of this book.

To discriminate is practically impossible. To Professor Theiss for his willing assistance in editing, to Professor Drum for his interest and helpfulness—our sincere thanks are due. On the White Studio, *L'Agenda* photographers, we bestow grateful appreciation for their many helpful suggestions.

Finally, we extend our thanks to the Northern Engraving Company, our engravers, and the Williamsport Printing & Binding Company, our printers, whose splendid cooperation is perhaps more directly responsible for whatever success this book may achieve through its physical appearance.

The Editors.
